

Are you still wondering how the **FSMA Produce Safety Rule** will affect your life and your livelihood? The University of Connecticut Extension in cooperation with the Connecticut Department of Agriculture/USDA Specialty Crops program is providing an opportunity for farmers to learn more about FSMA.

*We will discuss the rule, exemptions from the rule, key provisions, resources for keeping up to date on implementation and training. We can update you on the training programs that will be provided in February and March. There will be an opportunity to ask questions.*

## FDA Food Safety Modernization Act (FSMA) *Information Session*

December 15, 2016 (snow date, December 16), 9:30 am-noon  
Middlesex County Extension Center, Haddam, CT

We will also be offering this program in a webinar format, using the WebEx program. If you are interested in this option, please let me know when you register.

**The info sessions are provided at no cost, but pre-registration is required.**

To register, send an email to [diane.hirsch@uconn.edu](mailto:diane.hirsch@uconn.edu). In the subject line, write "FSMA Update". In your email include:

- names of all attendees,
- their farm or organization names,
- phone numbers (in case of weather issues)
- email addresses
- whether you prefer to be in person or on the webinar

If you prefer to register by phone, or, if you have any questions, contact Diane Hirsch at 203.407.3163.

*An equal opportunity employer and program provider*
